October 28, 2019

TO: **Area Residents (Olive Avenue)**

RE: **Caltrans 'Clearing and Grubbing' Work Along Southbound 57 Off Ramp Scheduled for Early November**

- Caltrans has notified the City that their contractor has scheduled daytime work (7 a.m.-3:30 p.m.) estimated to begin in early November as part of the SR-57 Fwy. realignment project. You are being notified because you live in the vicinity of this construction activity.
- The contractor will remove existing vegetation (clearing and grubbing) in order to excavate soil to prepare for the installation of a new retaining wall and the widening of the southbound off-Ramp shoulder. You may notice increased construction noise throughout the duration of this project.
- The SR 57 Freeway/Lambert Road Interchange Improvement project includes providing additional capacity, better traffic flow, enhanced safety, reduced congestion and delays. The overall project is anticipated to be completed by December 2021. Caltrans is the lead agency and is responsible for all aspects of construction management throughout the project, including traffic control and primary public communication. Caltrans and the City of Brea continue to work together to mitigate construction disruptions.
- To stay informed, follow Caltrans and City of Brea Social Media Platforms. To receive notices via e-mail, subscribe to "Notify Me" at [cityofbrea.net/57lambert](http://cityofbrea.net/57lambert)
